

## Don't Let Your Child Fall Behind....Give them the Summer Advantage!

Statistics show students lose up to 2.6 months of grade equivalency in mathematics and up to 2 months of reading skills during the summer months. Don't let your child become a statistic. At the Academic Advantage Summer Advantage Program we work with your child to maintain grade levels from the previous year and introduce concepts for the upcoming school year.

Our philosophy is that students should enjoy learning, especially during the summer months. Our highly motivated and energetic teachers will keep your child working while they have fun. Older students will learn integer operations as they balance their checkbook, practice calculating the tip and sales tax on the trip to the restaurant, learn the parts of speech while playing Jeopardy! While the younger students will take a ride on the Reading Roadway, learn how to edit a newspaper while playing Go To Press, and practice fractions with Auntie Anne's Pasta game!

Let us help keep your child on track this summer with conceptual lessons mixed with educational games and projects! All instructors are certified teachers. Seating is limited, so call now to register for the Summer Advantage Program!

**Grades 2 & 3**  
Mondays & Wednesdays  
9:30 - 11:30 AM  
July 13, 15, 20, 22, 27, 29
